展会背景

EXHIBITION BACKGROUND

本届展会旨在积极响应民航局对构建更高水平安全保障、经济可靠基础设施、优质高效航空服务、可持续发展绿色生态及自主可控创新体系的总体要求。以数字化转型为核心方向，聚焦数字化、网络化、智能化的先进系统、设备及解决方案，全面推动中国民航领域的全流程、全要素转型。展会通过引入数字经济、人工智能等前沿技术，为民航业注入科技活力，引领数字化、智慧化变革，助力构建安全、高效、绿色、智慧的现代化机场，开启民航发展新篇章。

The exhibition aims to actively respond to the overall requirements of the Civil Aviation Administration of China for building higher-level security guarantees, economically reliable infrastructure, high-quality and efficient aviation services, sustainable development of green ecology, and independent and controllable innovation system. Taking digital transformation as the core direction, focusing on advanced systems, equipment, and solutions for digitization, networking, and intelligence, comprehensively promoting the full process and all factor transformation of China's civil aviation industry. The exhibition injects technological vitality into the civil aviation industry by introducing cutting-edge technologies such as digital economy and artificial intelligence, leading the digital and intelligent transformation, helping to build a safe, efficient, green, and smart modern airport, and opening a new chapter in the development of civil aviation.

展会介绍

EXHIBITION PROFILE

第四届民航技术装备及服务展由中国民用机场协会、中国航空器材集团有限公司、中国民用航空局空中交通管理局共同主办；中国民航信息技术有限公司、中航寰宇认证检验股份有限公司、中航科（北京）车辆检测工程研究院有限公司联合主办；中国民航技术装备有限责任公司、中国航材集团北京华诺航空服务有限公司承办的民航专业盛会。共同参与组织、参观参展的机构覆盖权威民航科研院所、主要枢纽机场管理集团、支线机场管理公司、新建以及改扩建的机场建设指挥部、各大航空公司使用单位、民用机场各专业委员会专家及民航专业人士等。该活动不仅为中国民航专用设备及空管设备供需双方提供了展示的平台，还对中国国产设备在国际市场上提升了影响，本届展会将预留30%展位邀请国际知名品牌厂家参展，不仅充分体现了中国民航领域的开放和国际化，而且为更多国有品牌提供了与国际产品共同展示的机会。

民航技术装备及服务展已成功举办三届，参展观众主要来自于全国各地区民用机场管理单位、空管设备生产制造企业、机场专用设备生产制造企业及民航其他专业领域，同期专业会议、论坛关注备受瞩目，2023年第三届展会更是盛况空前，吸引各类参展企业142家参展，三天累计参观专业观众10271人，这不仅体现出民航技术装备及服务展对行业的热点和痛点把控精准，还充分说明展会高度契合行业趋势及市场需求。

第四届民航技术装备及服务展计划于2025年4月22日至24日在中国-北京国家会议中心举办，为期三天，预计展览会议总面积16500平米，邀请专业观众不少于8000人，三天累计到场观众总人数突破18000余人。本届展会同期将围绕“民航数智化发展建设”及“民航数据化资产经营”为主题举办专业论坛。我们将继续以专业、高效、创新为理念，紧扣中国民航技术装备及服务领域的市场机遇，为参展企业搭建专业有效的供需交流平台，为中国民航的高质量发展贡献出一份力量。齐聚CATES2025，共创新质生产力、共赢未来新机遇，为打造中国品牌和创造产品价值共赴盛会。

The 4th Civil Aviation Technology Equipment and Service Exhibition is a professional event cosponsored by China Civil Airports Association, China Aviation Supplies Holding Company and Air Traffic Management Bureau of the Civil Aviation Administration of China; Jointly sponsored by China TravelSky Holding Company, China Machinery HuanYu Certification and Inspection Co., Ltd. and Vehicle Testing Engineering Research Institute of China; Co-organized by China Civil Aviation Technology & Equipment Co., Ltd. and CAS Beijing Haner Aviation Service Co., Ltd. The institutions that jointly participate in the organization and visit the exhibition cover authoritative civil aviation research institutes, major hub airport management groups, regional airport management companies, new and renovated airport construction headquarters, major airline users, experts from various professional committees of civil airports, and civil aviation professionals. The event not only provides a platform for the supply and demand sides of China's civil aviation equipment and air traffic control equipment, but also enhances the influence of China's domestic equipment in the international market. This exhibition will reserve 30% of the booths for international well-known brand manufacturers to participate in the exhibition, which not only fully reflects the opening up and internationalization of China's civil aviation industry, but also provides opportunities for more state-owned brands to showcase their products together with international products.

The Civil Aviation Technology Equipment and Services Exhibition has been successfully held for three sessions, with exhibitors mainly coming from civil airport management units, air traffic control equipment manufacturing enterprises, airport special equipment manufacturing enterprises, and other professional fields in civil aviation from various regions across the country. Professional conferences and forums at the same time have attracted much attention. The third exhibition in 2023 is even more grand, attracting more than 142 exhibitors of various types and 10271 professional visitors in three days. This not only reflects the precise control of industry hotspots and pain points by the Civil Aviation Technology Equipment and Services Exhibition, but also fully demonstrates that the exhibition is highly in line with industry trends and market demand.

The 4th Civil Aviation Technology Equipment and Service Exhibition will be held at the China National Convention Center from April 22nd to 24th 2025 in Beijing. It is expected that the total exhibition area will be 16,500 square meters, and no less than 8,000 professional visitors will be invited. The total number of visitors in three days will exceed 18,000. This exhibition will hold professional forums on the theme of "civil aviation digital development and construction" and "civil aviation data asset management" during the same period. We will continue to adhere to the concept of professionalism, efficiency and innovation, closely follow the market opportunities in the field of China's civil aviation technology equipment and services, build a professional and effective supply and demand exchange platform for exhibitors, and contribute to the high-quality development of China's civil aviation. Gather at CATES2025 to create new quality productivity, win-win future opportunities, and work together to build Chinese brands and create product value.

展示产品

DISPLAY PRODUCTS

- 空管和机场地面支援设施 | Avionics And Airborne Systems
- 航空电子设备和机载系统 | ATM And Airport Ground Supporting Facilities
- 组装设备与技术 | Assembly Technology And Equipment
- 航空检测设备 | Aviation Detecting Equipment
- 机场救援设备 | Air Rescue Equipment
- 机场和 FBO | FBO
- 飞机内饰 | Aircraft Interiors
- 航空运输与物流 | Air Transportation And Logistics
- 航空金融 | Aviation Finance
- 发动机及零部件 | Power Plant And Parts
- 飞行训练模拟器 | Flight Simulator
- 气动系统 | Pneumatic System
- 轻金属及复合材料 | Light Metal And Composite Material
- 维修设备和技术 | Maintenance Technology And Equipment
- 精密的制造设备 | Precision Manufacture Equipment
- 机场设计与研究解决方案 | Airport Design Solutions
- 信息存储管理系统软硬件 | Software and hardware of ISMS
- 航站楼设备设施 | Terminal Equipment And Facilities
- 航空服务等 | Aviation Services, etc.

目标观众群体

TARGET VISITOR

- 机场运营管理公司 | Airport Operation Management Company
- 空管局、地方空管局及空管站 | Air traffic management bureau and Station
- 民航专业设备使用单位 | Civil aviation Professional Equipment User
- 民航建设及设计单位 | Civil aviation construction and Design Company
- 航空公司地服及保障单位 | Airline ground service and support Company
- 机场建设指挥机构 | Airport construction command organization
- 交通设施建设投资单位 | Traffic Facility Contraction Investment Company
- 民航技术科研单位 | Civil Aviation Technology Research Institute
- 民航其他专业领域 | Other professionalism from Civil Aviation Industry

为何选择CATES?

02 权威主办, 高端平台

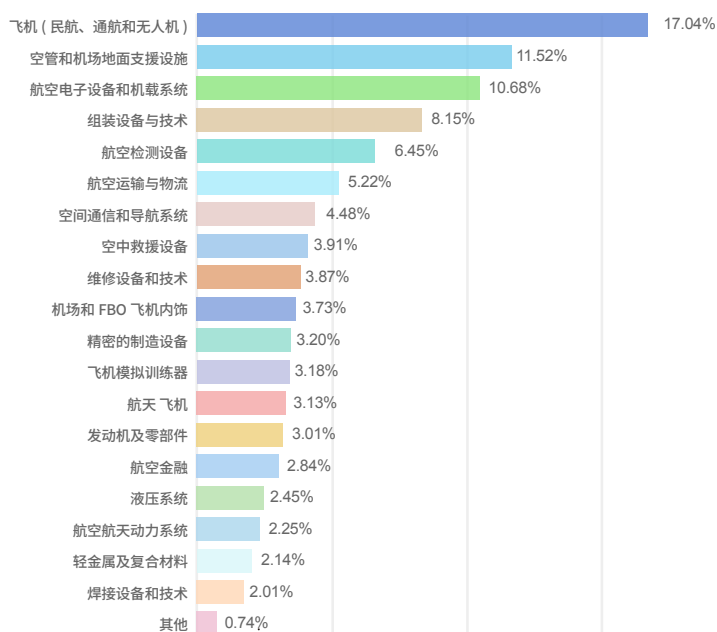

Authoritative organizer, high-end platform

本届展会由权威机构联合主办, 不仅吸引了众多民航领域的专业人士, 还成为民航科研院所、主要干线及支线机场管理公司、新建及改扩建机场建设指挥部的重要交流平台。展会将汇集全球顶尖的民航技术装备与服务提供商, 共同展示最新的技术成果与解决方案。

* 在展会参展统计观众中, 有 100% 的观众, 7668 人提供了感兴趣展品的信息反馈。

为何选择CATES?

03 专业论坛, 深入交流

Professional forum for in-depth communication

展会同期将举办多场专业论坛与研讨会，邀请行业领袖、专家学者及企业代表就民航数智化发展建设、数据化资产经营等热点话题进行深入交流与探讨。这些专业活动不仅为参会者提供了宝贵的学习与交流机会，还将进一步推动民航领域的科技创新与产业升级。

04 全面覆盖, 产业链整合

Comprehensive coverage and integration of the industrial chain

展会涵盖空管和机场地面支援设施、航空电子设备和机载系统、组装设备与技术、航空检测设备、机场救援设备、机场和 FBO、飞机内饰、航空运输与物流、航空金融等多个领域。通过整合产业链上下游资源，为参展商与买家提供无缝对接的交易市场。

为何选择CATES?

05 促进技术创新与产业升级

Promote technological innovation and industrial upgrading

展会为民航业内的制造商、供应商、服务商及科研机构提供了一个集中展示最新技术、产品和服务的平台。通过展示最新的技术装备、服务解决方案和创新成果，激发行业内的创新思维，推动民航产业的技术进步和产业升级。
